DIVISION OF
OIL GAS & MINING

Dear Ms. Burns:

Enclosed is the information you requested in your phone conversation of February 18, 1993.

5/05 3/034 Mr. Gonzalez filed his Notice of Intent in 1988, and no acceptance letter was written. He mines a small quantity (usually less than 10 tons per year) of decorative sandstone from his claim.

Mr. Penney filed his Notice of Intent in 1989, after the disturbance was already done. No acceptance letter was written for this notice. Enclosed is the Notice of Noncompliance, issued in 1991, and a follow-up letter. This situation has not been resolved. This was also a mining operation for sandstone.

Mr. Bowler's Notice of Intent was accepted on July 6, 1992. A copy of the acceptance letter is attached. He completed most of the operations as documented on the attached November 5, 1992 letter. This was an exploration project using drill pads, small trenches, and some surface collection of samples.

If you have any further questions, please contact Larry Gore at this office.

Sincerely,

Debbie J. Pietrzak

Debbie J. Pietrzak
